**6.30pm to 8.30pm 🎧 GUP'S BURNOUT COLOSSEUM PRACTICE NIGHT 🎧**

Get ready to break in the brand-new Burnout Pad near the Band Shell again with the very first night of tyre-frying mayhem! We're talking grandstands, a full-blown mosh pit, T-shirt giveaways blasted into the crowd with twin T-shirt cannons, and the one and only DJ RIPPED (Curt) dropping non-stop beats with 60,000 watts of chest-thumping bass! Add in some wild drift action, some surprises, and you've got a front-row seat to Aussie-style chaos, up close and personal. When the tyres stop smokin' the party keeps rollin, DJ RIPPED will keep the tracks spinning until midnight every night and not a minute later "RIPPED" OK, slowly winding it down near the end out of respect for our neighbours.

🔴 **A few quick rules to keep it running smooth each night:**

- You can drive your carts, cruisers, bikes or buggies to the pad any time before 8.30PM.
- If you're leaving after 9PM, you must drive straight back to your campsite — no cruising the route after 9PM.
- Want to head back to the pad after that? Lace up... you'll need to walk.

**Let's light up the night the right way — Aussie style. See you at the Colosseum!**

## 🔥 What we have planned for the fans at Powercruise; Summer edition 🔥

### 🔥 Gup's Burnout Colosseum 🔥

Gup's gone full throttle and is building an insane new Burnout Colosseum right next to the Band Shell — this won't be some taped-off burnout zone... this is where chaos meets concrete!

He's dragging in every concrete barrier from across the venue, throwing down \$10K on new safety fencing, and setting the vibe with a live DJ dropping bangers while the tyres are melting. 🔥

It doesn't end there, BIR has generously allowed Gup to move in some of their mobile grandstands to get you closer to the action. 🙌

So now he needed something for the crowd to keep them pumped, so he's bought not 1 but 2 [www.tshirtgun.com](http://www.tshirtgun.com) T-shirt cannons (the big ones, of course) to send out his 500 one-off BLACK Powercruise [www.theteehive.com](http://www.theteehive.com) rolled-up T-shirts to be pumped out into the crowd between the skids. There's all kinds of action planned for each night to mix it up, so get there early to grab your seat on the grandstands or the mosh pit — it's gonna go off! 🎆

Gup even asked, and BIR has granted permission for everyone to drive their cruisers, bikes, buggies, mowers, whatever you've got, you can cruise it to and from the Burnout Colosseum. 🚗

But after 9PM, if you're leaving the pad, you gotta drive right on back to your campsite, as there's no cruising the route after 9PM, so please cruise sensibly.

This also means that while the DJ is pumping (less pumping after the burnouts to keep the noise down for our neighbors, and no noise after 12AM), well after the burnouts have ended, you can hang around at the Burnout Pad to keep the party going but as I said, once you leave, you gotta go right to your campsite... and if you wanna go back to the pad, you gotta walk. 🚶

### 🔥 FREE Burnout Only Entry Fee! 🔥

Gup's on a mission to **make burnouts great again in the USA**, and he's throwing the gates wide open!

📄💰 To make sure anyone and everyone can jump in and light up the pad 🔥, **burnouts are 100% FREE** for those coming to Powercruise just for the pad action.
